

Fast, Affordable and Green The Perfect Solution!

Designer Series Offices and Enclosures

The new designer series from Allied Modular brings an unprecedented level of class and sophistication to modular construction. Our designer series is easily fit for an executive and offers a host of options that include custom doors, windows (and types of glass), colors and finishes. Not only does the designer series look great, it also comes with a cost efficient price that is suitable for executive level offices, conference rooms, coffee bars, and many other options. Contact us today to learn more about the designer series.
