

Fast, Affordable and Green
The Perfect Solution!

Modular Break and Lunch Rooms

Providing a relaxing breakroom atmosphere is essential to getting the most out of your employees. We can design build a lunchroom, break room or coffee area with an industrial feel or even a 1950's look.

Using FRP, steel, aluminum or any one of our hundreds of colors on the walls with hundreds of options and styles we can design a breakroom with areas for microwaves, vending machines, sinks, cleaning areas and cabinetry and most of all function and flair.

Our system is engineered to assemble faster than any product in our industry. We realize downtime and your manufacturing plant are costs that are never considered when purchasing a product. Our walls are so simple to install, you're processes can continue while installing having little or no downtime at all.

2" and 4"
Thick walls.
Perfect for all applications.

V-Tex™
Powder coat color match system.

We're Green!
