

Fast, Affordable and Green
The Perfect Solution!

Modular

Cleanrooms • Laboratories • White Rooms • Controlled Environments

Whether your requirements are for temperature and humidity control or cleanliness class, Allied Modular Building Systems is proud to offer state of the art cleanroom applications custom tailored to your workflow process. We continue to provide innovative solutions for both the private and public sectors to overcome seemingly insurmountable production issues.

Our architectural products, mechanical solutions and master design builders allow for the creation and implementation of highly customized cleanrooms that many in the marketplace would never dream of being able to bring to a successful conclusion.

With the largest selection colors, finishes, options and styles, than anyone in our industry, we provide you with an unlimited range of choices and the ability to configure a look and process control that is perfect for you.

2" and 4" Thick walls.
 Perfect for all applications.
